St Thomas college of arts and science [🔗](#)

2022 – 2025

Chennai, India

SSLC HSE

Government Boys Higher Secondary schools Porur

Chennai, India

COURSES

Master Program in Full Stack [🔗](#)

FITA Academy

02/2025 – 07/2025

Chennai, Porur

"I have completed a Full Stack Development course at FITA Academy, and I also completed a project using React, Spring Boot, and SQL."

PROJECTS

Unique

Salon Web Application (React.js, Spring Boot, MySQL workbench)

Developed a responsive and user-friendly web application for a salon using React.js , Spring Boot and My SQL workbench, demonstrating proficiency in modern front-end development practices, component-based architecture, and efficient build tooling. The application includes features for service listings and a contact form.

Rhythmic tunes

Music Streaming Application (React ,Vite)

Leveraged React and Vite to build a dynamic and user-friendly music streaming application. Key features include: user authentication, browsing by artist/album/genre, audio playback controls, and playlist management. Implemented a responsive design for seamless access across various devices

Quantum Technology

IT service platform (React.js)

Developed a full-featured IT services platform offering HR management. web development, UI/UX design, and cloud-based
